Varmt välkomna till Restaurang Amano

I vår Vinlista finns många förslag på olika drycker, fråga oss gärna om våra rekommendationer!! En stor del av våra viner går att få på glas. Vårt huvudsakliga intresse finns i Italien, men det finns godbitar att hitta från hela världen. Vi som jobbar på Amano vill gärna hjälpa er att hitta en välsmakande kombination av mat och dryck så tveka inte att fråga!
Vi erbjuder också flera riktigt goda lokala ölsorter.
Grappan och övriga avec finns i en separat lista!

Amano har äran att servera vatten från eget reningsverk. Ett patenterat, renat vatten av högsta kvalitet, för bästa möjliga smakupplevelse.
Vårt vatten produceras och renas direkt i restaurangen och på några sekunder kan vi servera ett stilla eller kolsyrat bordsvatten av absolut högsta kvalitet. Den patenterade reningsprocessen bevarar alla livsnödvändiga salter och mineraler men filtrerar bort kemikalier och tungmetaller. Detta gör att smakupplevelsen av mat och dryck förhöjs ytterligare. Samtidigt bidrar du till minskade transporter och återvinningsarbete av förpackningar och tomglas.

Vattnet som dricks tillsammans med vinet avgör hur vi har möjlighet att att ta emot och uppleva olika smaker.

Vi erbjuder också S. Pellegrino, Italiens främsta mineralvatten som lovordas av sommelierer över världen och som också arbetar mkt. hårt för vår miljö.
