ASIAN TAPAS

### *Asian Social Dining*

*Waipo (waeipo) means grandma in Chinese. With us, it should feel like you are coming home to Grandma's for a family dinner. We eat together and share everything on the table and it will be a constant stream of goodies to the table. Waipo serves all food in tapas style in order to be able to try as many dishes as possible.*

*Three dishes per person is a good benchmark. The dishes are served as soon as it is ready, and that means that not everything will arrive at the same time. All food served is authentic Chinese cooked à la minute by our amazing Chinese chefs.*
